Rockingham

Kick Plate

Nudges the rear of your car in to a skid in varying direction and intensity

Arctic Circle

Learn to drift your car, holding long slides on the polished surface

Water Walls

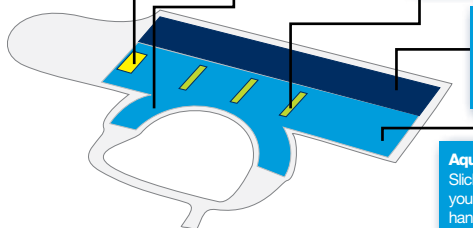

Water jets create walls of water, teaching hazard avoidance

Ice Surface

This is identical to driving on ice. The ultimate test for both car and driver

Aquaplaning Surface

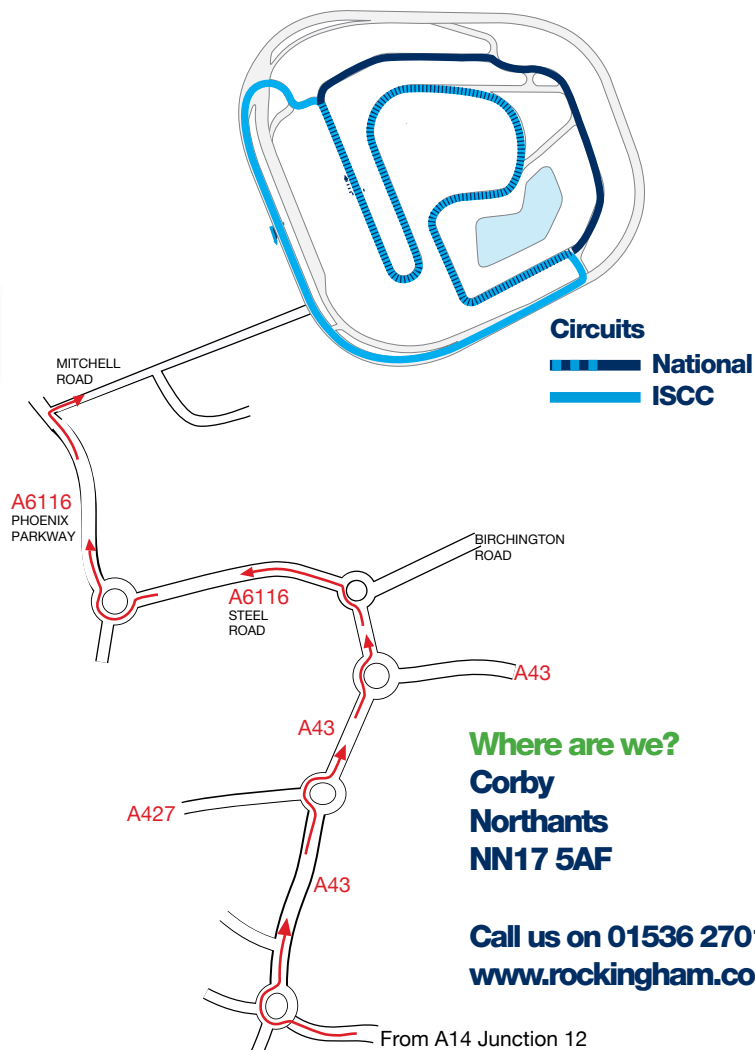

Slick surface to push you and your car's handling limits

Low grip road surface

Hone your handling skills on Rockingham's low grip road surface with the unique kick plate facility.
